Work Experience

MindSprint (Alten Calsoft Labs) | Module Lead | March 2023 - October 2024 | Bengaluru Area, India

- **Technical Leadership:** Led the UI delivery for **OlamAgri** and **Nupo Ventures** in an Agile environment, managing task estimation, code reviews, and providing technical mentorship for a team of 6 frontend developers.
- **Advanced UI Components:** Engineered a complex "Supply Chain Vision" component using segmented circles and a **custom interactive Maps integration** (3rd party API) to visualise global product supply.
- **Creative Implementation:** Developed high-fidelity, parallax-style landing pages and layered "leaf-type" banner designs within AEM, pushing the boundaries of standard component styling.

Adobe (Pro Unlimited, HCL Technologies) | UI Lead | June 2019 - March 2023 | Bengaluru Area, India

- **CRITICAL TURNAROUND (VP Escalation):** Handpicked to lead a replacement team of **8+ UI developers** to rescue a stalled, high-visibility project that had escalated to the VP level; successfully stabilised the codebase, fixed critical bugs, and delivered the complex release on time.
- **Enterprise Delivery:** Delivered critical UI modules for major enterprise clients (**Wells Fargo, Bank of America, CVS, and Holland America**) with 100% compliance to **WCAG (Web Content Accessibility Guidelines) 2.0 Level AA** standards.
- **Search Architecture:** Architected a robust Intranet Search functionality featuring dynamic filtering, pagination, and API-driven result fetching, significantly improving content discoverability (reduced average time-to-content by ~30%).
- **Dynamic Email System:** Designed a "First-of-its-Kind" dynamic AEM Email Template system supporting 4 distinct themes, reducing email campaign creation time by ~40% by allowing marketers to generate on-brand emails without code changes.

Publicis Sapient (Datamatics) | Interactive Developer | October 2015 – January 2019 | Bengaluru Area, India

- **Reusable Architecture:** Designed and developed a scalable UI architecture for **Fiat Chrysler Automobiles (FCA)**, creating a core library of reusable components deployed across multiple brand sites (**Jeep, Dodge, Ram Trucks**).
- **Analytics Integration:** Implemented complex Adobe Analytics tracking across high-traffic vehicle showcase pages to capture user interaction data.
- **Fleet Management:** Led the frontend development for a major Car/Truck Fleet interactive website, focusing on responsive design and cross-browser compatibility.

1985 Web Solutions | Software Engineer | December 2014 - July 2015 | Bengaluru Area, India

- **Full Stack Integration:** Developed the complete UI and backend logic for "DigiMafia," a project management tracking application.

KeysLab Software India Private Limited | Software Engineer | December 2012 - May 2014 | Coimbatore, India

- **Event Management:** Built the UI and backend functionality for "Hi-Flash," an event tracking web application.
